workers sponsored by the Welfare Advisory Council. During the week the Governor opened two play centres. The proceeds of the week were £4,875.

In July, 1951, the Aden Society for the Blind was founded. It is affiliated to the British Empire Society for the Blind and over 300 blind people are registered. Apart from the training made available in braille and handicrafts at the Reilly Centre, the Society has also organised a medical survey to ascertain the causes of blindness, and initiated treatment, in a district of the Western Aden Protectorate. The expedition under the direction of Dr. S. E. Croskery, which lasted a month, was sponsored by the British Empire Society for the Blind, which generously contributed £500 towards the expenses. Blind women are also visited in their homes by voluntary workers from the Aden Women's Voluntary Services, and on their recommendation assistance in kind is provided from the funds of the Society for the Blind.

At the end of 1952 there were three children's play centres in Aden. Two of these are in Crater and one at Tawahi. Equipment has been provided and a salaried supervisor attends daily from 4 p.m. to 6 p.m. to organise games. The first of these centres, opened in 1951, was made possible by a gift of £750 from the Indian community. The others were financed from the proceeds of Children's Week. At least three other centres are planned for the near future.

The Association of Boys' Clubs is a small organisation less than three years old, which to date has opened four clubs. There is an immense opportunity for valuable work here, limited at present chiefly by the lack of suitable club leaders.

The only relief organisation is the Aden Central Poor Relief Committee, which administers an annual Government grant of £3,750 with a small additional income from investments. Some 800 persons are assisted each year.

The probation service for juvenile offenders has proved its value for Aden boys on first offence charges. For homeless Protectorate and Yemeni boys in trouble, a satisfactory method of treatment has yet to be found. In the absence of a full-time probation officer it has not been possible to extend the service to adults. There is no special children's court, no correctional school, nor any Borstal Institution in the Colony. The following are the juvenile probation figures for the two years :

	1951	1952
Number on probation at 1st January . .	10	13
Total new cases during the year . . .	49	47
Number on probation at 31st December .	13	22
Probation completed satisfactorily . .	30	34
Probation orders revoked	5	4

The Aden Boy Scouts Association continues to flourish ; there are 10 groups in which a total of 400 boys receive Scout training designed to assist them in becoming good citizens.
